Half of all Americans will visit the National Mall in their lifetimes. Nowhere else is democracy honored and the American spirit celebrated as in the two-mile stretch of land between the U.S. Capitol and the Lincoln Memorial. But today, weeds grow where dreams once flourished. Great memorials are poorly maintained. Steps are crumbling. Waters are polluted. And basic amenities are lacking.

The Trust for the National Mall is the official non-profit partner of the National Park Service dedicated to preserving and rebuilding the home to America's history, heroes and hope. In the spirit of optimism and hard work, and with an enduring belief that collaboration breeds success, the Trust has embarked on the historic Campaign for the National Mall. Based on the official 2010 National Mall Plan, the Campaign supports the first major restoration of the National Mall in nearly 40 years and is designed to enhance the beauty, usefulness and sustainability of the National Mall for generations to come.
